PROFESSIONAL SUMMARY

Aspiring Junior Software Developer currently pursuing a qualification, with hands-on project experience in Java application development, Spring Boot, REST APIs, web development, and database technologies. Skilled in Java, C++, JavaScript, HTML, CSS, and MySQL. Passionate about problem-solving, building practical software solutions, and continuously developing technical skills.

TECHNICAL SKILLS

- **Languages:** Java, C++, JavaScript, SQL
- **Web:** HTML5, CSS3
- **Backend:** Spring Boot, REST APIs
- **Database:** MySQL, relational database concepts
- **Tools:** NetBeans, Git, GitHub, Postman
- **Libraries/Technologies:** Java Swing, Leaflet, OpenStreetMap
- **Core Skills:** Object-oriented programming, debugging, input validation, API testing, version control

TECHNICAL PROJECTS

School Bus Tracking System | Java, Spring Boot, JavaScript, Leaflet

- Developed a bus tracking application featuring interactive maps, pickup stops, and bus location monitoring.

- Implemented REST endpoints for bus and route management, nearest-bus calculations, and GPS location sharing.
- Worked on bus status indicators and estimated arrival time functionality.

Golden Ball — Online Football Voting Platform | Java, Spring Boot, MySQL

- Developed a football voting platform with user authentication, candidate management, and voting functionality.
- Designed a scoring model combining fan votes and football statistics.
- Worked on secure password handling, token-based authentication, and voting-period restrictions.

Validation System | Java Swing, NetBeans

- Built a desktop application with input validation for personal information, identification numbers, contact details, and email addresses.
- Implemented required field, format, length, and value checks with user feedback.

Developer Portfolio Website | HTML, CSS, JavaScript

- Developed a personal portfolio website to showcase technical skills, projects, and professional information.

EDUCATION

Diploma / Degree — Currently in Progress

Institution and expected completion date: To be added.

PROFESSIONAL ATTRIBUTES

Problem-solving | Analytical thinking | Continuous learning | Adaptability | Attention to detail | Team collaboration
